Steel roof hampers firemen

Minden firefighters had a tough time attempting to extinguish a blaze burning along the peak of a house belonging to Gary Kenney in Blairhampton.

The firemen were hampered by the steel used for roofing material on the structure. As the steel was pulled away from the burning beams underneath, the material blocked the firemen's view and access to the flames.

While the material may have hampered the firemen in their efforts, the steel is also believed to have helped suppress the fire in the roof of the building until the fire brigade arrived on the scene.

The building, one of a number at the Blairhampton Alternative site on the Duck Lake Road, was occupied by Curtis and Jennifer Kitner. While firemen struggled to extinguish the flames which curled up from the peak of the house, neighbours and friends virtually emptied the home of its contents, in an effort to save the belongings from damage.

The interior of the house suffered mainly from water damage. According to the owner, the main support beams, being ten inch thick timbers, were not affected structurally by the blaze.

The fire is believed to have started near the chimney. No estimate of damage was readily available. No one was injured in the incident.

Minden Firemen Bob Wells is perched on the top of the ladder as he attempts to reach the flames.

Report presented on lakeshore capacity study

Members of Haliburton County Council were brought up to date on the status of the Lakeshore Capacity Study. A representative of the Ontario Ministry of Municipal Affairs and Housing Martin Sinclair, was in attendance November 16 with a slide presentation and to give councillors an opportunity to ask questions about the program.

He told the council the purpose of the study was to create a model by which the impact of future lake development could be measured. By having this model, which is managed by a computer, he said the ministry hopes to avoid problems before they occur.

He noted that his ministry has taken the lead in this study since the Ministry of

Housing is responsible for enforcement of the Planning Act. However, he also pointed out that the Ministry of Natural Resources is involved for studies on fish and wildlife and the Ministry of Environment for the atrophic status and microbiology of the lakes under study.

Sinclair told the councillors the study is examining four separate areas within the lakeshore capacity study. They include wild-life and habitat, land use, fishing and water quality. He said he did not expect the study, once it is complete, to provide definitive answers to a particular problem, but rather to present a number of options which can be followed. "People will still

(more on page 2)

County Council will reduce meeting schedule

The county council has agreed to cut its meeting schedule back to six or possibly seven meetings a year. At the moment the council meets every month except July and August.

The recommendation for the reduced schedule was proposed at the November 16 meeting by Dysart Reeve Murray Fearrey.

Fearrey told the meeting the reduced schedule had been under consideration for quite some time. He noted that the council conducts its business in one and a half hours a month. He said he felt there would not be any harm in missing every second meeting. He said in cases where there was a great deal of business to attend to, the council could meet in the afternoon. At the moment the council generally adjourns around noon hour.

"Until we have something bigger to deal with," the Dysart reeve commented, "we should only meet on a bi-monthly basis."

Fearrey also noted that some \$6,000 to \$7,000 could be saved during the year in honoraria paid to the councillors for the meetings and for mileage expenses.

The council accepted the proposal with the exact schedule for 1984 meetings to be established by the management committee and presented to the December meeting.

Meeting changes

Since December is traditionally the month for selecting the warden for the coming year, a change in schedule for meetings has been announced for that month. County council will gather Tuesday, December 13 at 7:00 p.m. for the selection of the 1984 warden. A regular business session will be held the following day beginning at 1:30 p.m.

Meeting will review priorities

Taxpayers in the municipality of Anson, Hindon and Minden, will have a triple opportunity to become more deeply involved in the activities of their townships this week. A number of special meetings have been planned to offer ratepayers an opportunity to examine the future of the community and to express their concerns to the elected members of the council.

The first meeting is this evening, (November 23), and is in effect, just the regular meeting of council which has been moved from Thursday evening to

Wednesday evening. The council will meet at 7:30 p.m. at the township council chambers in regular session.

On Thursday, a special drop-in session will be held at the community centre. The purpose of the gathering will be to explain the information collected during the background stage of the official plan study. This will include information on both seasonal and residential land use; natural resources concerns including aggregate, deer yards and fisheries; the road systems, both public and private; a financial review of

the township; and development capability and lake capacity.

This information will be used in formulating policies for the municipality's official plan. This drop-in centre will provide the public with an opportunity to review the information which has been collected and which will be used as a basis for laying out official plan policies.

Presumably property owners will also have the opportunity to challenge the information and question the consultants responsible for the collection and use of

the data.

This drop-in centre will be open during the afternoon from three o'clock to 5:30 and in the evening from 6:30 to nine o'clock.

Those interested in the future of the community and the shaping of the official plan are advised to attend this special session.

Finally, on Friday evening a special ratepayer's meeting will be held at the Community Centre. Ratepayers will have an opportunity to quiz members of the council on matter of

(more on page 2)

outdoors

Federation of Ontario Naturalists

Last week I hauled my down jacket out of the closet for the first time this fall, and couldn't help wishing

Meetings

(from page one)

interest including past policies and plans for the future. Questions about the official plan are to be dealt with the previous night.

Everyone is invited to attend this meeting and air their views on matters of community concern. The meeting will begin at 8 p.m. at the Minden Community Centre.

Capacity study

(from page 1)

be making the decisions," he commented, "only they will now have a better understanding of the potential consequences of a particular action."

Sinclair cited the hypothetical example of a subdivision proposed for a particular lake. He suggested the developer may want to put in 100 lots. The property owners on the lake object, saying they want improved year round access for their own properties and fewer lots in the proposed subdivision.

The representative said the imagined outcome of only ten lots in the subdivision and improved access for other property owners could be more harmful than allowing 100 seasonal lots to be opened. He noted that providing year round access invariably increases the use of the recreational facility, placing greater strains on the environment. Sinclair noted that this was just an example of the analysis the computer model of a lake could provide for those considering the advisability of a new subdivision.

The council was told that the study has reached the end of phase three and that work is now starting on the next phase. He indicated it could be several years before the findings of the study could be readily available for assisting development decisions.

In answer to a question from Lutterworth Reeve Ron Gambell, Sinclair said he hoped the study would be a useful tool for those appearing before an Ontario Municipal Board hearing into subdivision proposals. He noted that most arguments made before the board on sub developments are based on emotion.

I'd been born with a little natural insulation. There's no doubt that the natural winter coats of wild animals and birds of the north are warmer for their weight than any thing we've been able to manufacture.

Dead air is the miracle

insulator. By retaining body heat it makes life possible even in the polar regions. Winter fur and feathers are designed to achieve this end. The familiar northern white-tailed deer, for example, wears a summer coat of straight slender hairs. But the hairs of the winter coat are not only short and crinkled, they're hollow as well. Each contains its own dead air cell. In addition, there is a scanty undercoat

of fine wool for added warmth, a sort of long underwear, you might say.

In birds, insulation has reached new heights. Feathers in themselves are near-perfect air traps. With the addition of a dense layer of down, such birds as the sea ducks and penguins can be nonchalant about the coldest temperatures.

Of course a down jacket is ineffective without a covering windshell. In birds,

this windproof shell is formed by the outside plumage, the feathers that we all see. Most birds keep these outer feathers fairly waterproof as well as windproof by preening them with oil from an oil gland just above the tail.

Birds can also regulate the degree of insulation by compressing their feathers to drive out the air in warmer weather and by fluffing them up when it's

cold. Thus is extremely cold weather a chickadee appears much fatter than normal.

Ahah! but what about their featherless feet, you say. Well, it happens that birds don't try to keep their feet as warm as the rest of their body, the way you and I do. Most northern birds have a regulatory device which enables them to

(more on page 6)

Companions wanted

Introduce your oil furnace to add-on electric heat and introduce yourself to substantial oil savings.

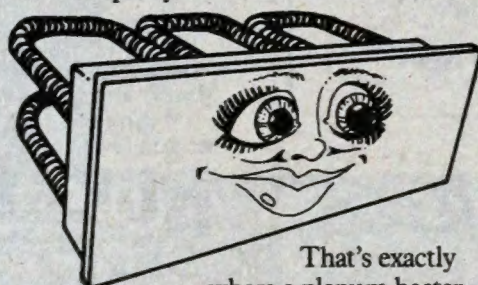

Kissing that old flame goodbye isn't the only way to reduce your oil consumption. If that oil furnace is still in good shape, you can take advantage of converting to a dual energy heating system.

Instead of replacing your furnace, introduce it to an electric plenum heater, heat pump, electric boiler or baseboard heaters. These dual energy systems let oil and electricity work in harmony to heat your home more efficiently and more economically. Operation is simple. The electric system works until the coldest winter days, then your oil furnace automatically takes over.

In most cases, add-on electric heat will reduce oil consumption by up to 75%. Even more in some cases. And a reduction of that magnitude can make a dramatic difference to the total cost of heating your home.

The Plenum Heater

The "plenum" is the warm air chamber at the top of your forced air oil furnace.

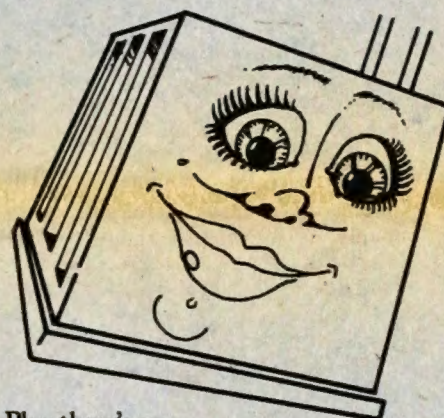

That's exactly where a plenum heater is installed. So that on most days, the fan circulates more economical, electrically generated heat.

The Heat Pump

Even on cold winter nights, there is still warmth in the outside air. Just like a

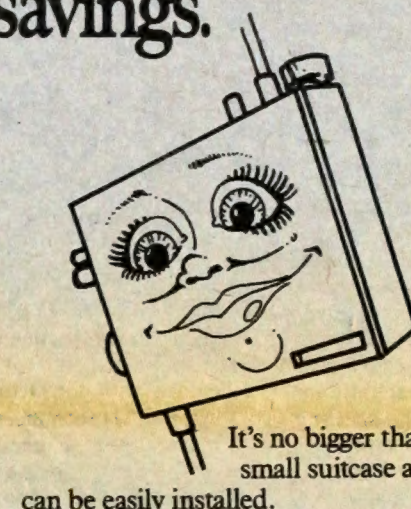

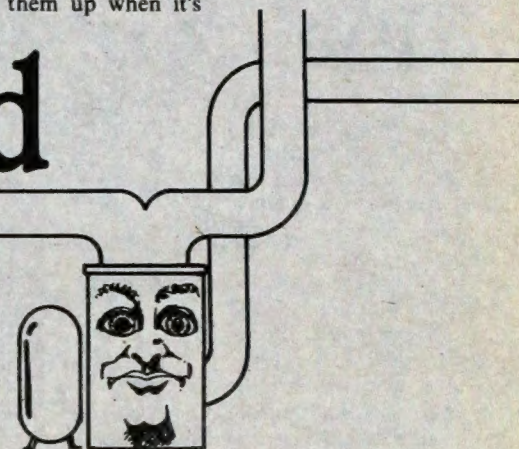

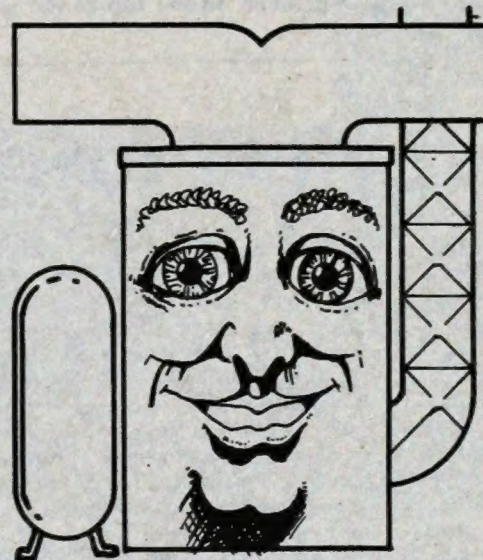

refrigerator, the heat pump extracts that warmth and pumps it into your home.

Plus there's an added bonus. In the summer, your heat pump works in reverse and becomes a central air conditioner.

The Electric Boiler

If you have an oil fueled hot water heating system, there's another alternative. You simply add an electric boiler.

It's no bigger than a small suitcase and can be easily installed.

Baseboard Heaters

Electric baseboards can also be used as a dual energy system. They're installed in individual rooms to quietly handle most of the heating load.

The Time is Right

Today is definitely the time to investigate the savings of introducing your oil furnace to an add-on electric system. The COSP (Canada Oil Substitution Program) grant will pay for half of the installed cost or \$800, whichever is less, on all systems where oil consumption is reduced by 50% or more.

To find out more about the benefits of a dual energy system, contact your local Hydro or electric heating contractor today and ask them about special assistance that could lead to even greater savings. And tell your furnace to get ready for a warm and meaningful relationship this winter.

Go Electric 

Eileen Crawford, who has spent close to 30 years providing enjoyable vacations for others at Hart Lodge, was suitably on holiday when the Haliburton Highlands Chamber of Commerce presented her with a lifetime membership several weeks ago. She returned to the Highlands last week and received her award from the Chamber's president Ken Langdon. Also on hand for the presentation was interm Chamber manager John Stainton, left, and County Warden Bill Howe, right.

Council drops education debate

After months of trying to formulate a Haliburton County response to a resolution regarding the operation of school boards in Ontario, the county council has given up on the matter.

The resolution first came to the council's attention at the September meeting. From the County of Wellington, the resolution sought greater control of education spending and increased accountability of board of education trustees.

When the matter was first brought to the county councillor's attention it was decided that a complete copy of the resolution be distributed to the council members to give them an opportunity to study it and then deal with it in October.

At the October meeting, however, the councillors were still unprepared to take a stand on the resolution. It was suggested that municipal councillors might wish to express an opinion on the

matter so the resolution was circulated to the next level of government for their consideration. The matter was slated to be dealt with last Wednesday.

According to Warden Bill Howe, there appeared to be a divergence of opinions among the councils in the county as to whether the Wellington resolution should receive their support.

Lutterworth Deputy Reeve Glynne Lewis noted that it was pointless for the county to even consider the matter. He noted that the board of education was an

autonomous body to which the county council could not dictate directions. "Until we have that authority, there is hardly any point in endorsing the resolution," Lewis commented.

Anson, Hindon and Minden Reeve Lyle McKnight told the meeting that his council had passed the Wellington resolution on to their trustees for comment. He said he wanted to wait until he heard from them before

(more on page 8)

Tighe wins Monmouth vote

Monmouth Township has a new municipal council member. Dwain Tighe was elected Monday after a by-election was held in the township.

Tighe defeated four other candidates for the vacancy created when Barry Dunford resigned after accepting the position of road superintendent for Monmouth. The vote was held on Monday.

Tighe polled 129 votes to take the five way race. His closest rival was a former deputy reeve of the township Carmen Coumbs. He polled 94 votes. In third place in the balloting was Howard Anderson with 52 votes followed closely by John Finlay with 51 votes. In final spot was Pearl Foster who polled ten votes.

The new councillor is a resident of Wilberforce and is employed at Wilberforce Veneer. This is his first attempt at municipal politics.

Important meetings

A number of very important meetings will be taking place this week. Anson, Hindon and Minden ratepayers who miss them will be poorer for doing so.

The first meeting, Thursday afternoon and evening, is an information open house concerning the preparations currently underway for the creation of an official plan for the municipality. Consultants have been active over the past few months gathering data on the three townships. This material will be used as a basis for striking policies for the township's official plan.

While the consultants are experienced in amassing data for their documents, they are less sure of the interest and needs of the community in particular. This drop-in centre will give the consultants a chance to meet with the property owners who will be affected by the results of the official plan. The drop-in session will provide a casual opportunity for the exchange of ideas and concerns.

An official plan is an important document. It outlines policies which will direct future growth in the municipality. This is the first of several public meetings being held to keep the public informed of what is taking place. If you're interested in the future of your community this is a meeting you shouldn't miss.

The second meeting is perhaps not as critical, but is nonetheless important. Members of the Anson, Hindon and Minden municipal council want to know what you think about the way they are running your community. They want to know what you think they are doing right, wrong and what you think they should be doing in the future.

While some people may see this as a perfect opportunity to complain and put the councillors "on the hot seat," it should be more than that. The councillors are willing to listen to their constituents, share their concern and hopes. For this they should be commended, for it speaks highly of their interest in the job and the individuals they represent. But, it also shows the council is willing to keep those lines of communication to the public open, something that many other councils only find time for when an election looms near.

Like any dialogue, this meeting will require two-way communications. For those interested in the future of their community, this is another meeting they shouldn't miss.

Editor:

As former students at the Haliburton Highlands Secondary School, we were looking forward to a reunion of those who attended or taught at HHSS after principal Dale Robinson replied to our inquiries of 1982 about holding such an event. We had looked forward to becoming involved but were not called upon despite our offers to assist.

It was not until a chance meeting with Stephanie Pritchard Wells this summer that we even knew there was to be a reunion. We are disappointed a greater effort was not made to contact former students.

In talking with five other graduates of HHSS, all living outside of Haliburton County, we discovered that no one had received any information about the reunion. Four of these people still have families in the county so they could have been reached through the mail. Organizers could have used "Have Your Say" in the Sunday Star; the readily available, and free, coming events on coast to coast radio and television services. The (one) coming event classified placed in some weekly newspapers

Controls proposed for companies

-by John Eakins, MPP-

A year has passed since the Ontario government's seizure of three firms involved in a controversial \$500-million slip sale of some 11,000 Toronto apartment units. Since a number of people in Victoria and Haliburton Counties have contacted my office with regard to trust company concerns and the problems associated with other investment companies, I would draw to your attention a White Paper which the government has tabled in the Ontario Legislature. The White Paper proposes tough restrictions on loan and trust companies operating in the province to avoid a repetition of last year's trust company incident, and it contains numerous recommendations for revamping and tightening regulatory control of the industry, including:

- Each company starting in business should be allowed to act only as a loan corporation. It would be allowed to assume fiduciary and other trust powers only after it "demonstrates its capability", meets financial requirements and is

approved by the registrar.

- A new commissioner of financial institutions should report directly to the Minister, advise on policy, act as a watchdog for the public interest and hear appeals of decisions by the registrar.

- A new Assistant Deputy Minister should be responsible for the administration of all ministry branches regulating financial institutions, and the registrar should be separate from the superintendent of insurance.

- A separate investigative unit should be established within the financial institutions branch.

- The powers and functions of every loan and trust company should be reviewed annually.

- Companies should have to establish audit and investment committees (consisting of a majority of outside directors) which would review financial records and investment decisions. In addition, the province's registrar should have prior approval of all appointments of chief executive officers and chief financial officers in these

companies.

- Directors or officers of companies should face fines of up to \$100,000 for failure to disclose personal conflicts of interest in any transaction involving their companies.

The Minister of Consumer and Commercial Relations also tabled the report of an internal review committee which examined the administration and regulation of financial institutions by his Ministry.

The study stated that those who oversee Ontario's multi-billion-dollar loan and

trust company industry now rely on "moral suasion (and) the integrity of the companies' officials to conduct loan and trust business with consideration for the protection of public deposits." Staff time was "considerably under-utilized" on the regulators' prime function of examining company compliance with the act and "a deterioration of the reporting and directing responsibilities" was observed within the Financial Examination Services Branch.

coming up

Friday, November 25—St. Paul's ACW County Christmas Bazaar and Luncheon 10 a.m.—2 p.m. in the Parish Hall. Adults \$5.00, \$2.50 children.

Friday, November 25—Free movies for children and adults at Minden Library/Cultural Centre 7:15 to 8:15 and 2-3 p.m.

Tuesday, November 29—General meeting of Haliburton Highland Cross Country Ski Club 7:30 p.m. at the Senior Elementary School, Haliburton. All welcome.

Strong performance by company

The latest offering from the Highlands Little Theatre group was the hilarious, but poignant "The Prisoner of Second Avenue" by Neil Simon.

Once again the group showed their talents in providing this evening of splendid entertainment.

Sincere congratulations to Curtis Eastmure for his portrayal of "The Prisoner", Mel Edison, a 47 year old executive who loses his job and becomes extremely depressed. His wife, Edna, fetchingly played by Heather Scully realizes he is depressed when he complains loud and long about everything - the air-conditioning, the apartment and even the handle on the toilet! She unwittingly completes his downfall

when she leaves their apartment unlocked and returns to find they have been robbed.

Eastmure's portrayal of a man at the end of his tether was superb. His descent into a complete breakdown was touching as well as funny.

Edna gets herself a job, becoming the breadwinner, adding to his misery. One of Mel's biggest problems is the unseen man upstairs who, when Mel yells at him from the balcony, pours water on his head.

Mel tries to pass his time walking in the park and playing softball. His sisters and brother, Jessie played by Brenda Ellis, Pearl, Bonnie Fitzgerald, Pauline, Betty Perugino and Harry, Dale McConnell, hear of

Mel's breakdown and arrive at the apartment to give their support in his time of need. The three sisters, middle-aged, Jewish widows were delightfully dizzy and brother Harry had the audience convulsed trying to convince everyone he never drinks coffee, only to do so without thinking.

As elder brother, Harry convinces the sisters that they should contribute financially to Mel's recovery the sisters agree "if you can just tell us how much X is worth Harry!"

Mel's wife tells the family she would rather take any money they choose to give and put it towards buying a children's camp in the country. The sisters and Harry are appalled at the thought of Mel, in his condition, taking over a camp, and leave.

Some time later Harry returns and gives Mel a cheque for \$25,000 - no strings attached.

This seems to be the catalyst that sets Mel straight and he and Edna have words after Harry leaves. Edna becomes extremely agitated and she ends up yelling at the man upstairs! Mel goes out on the balcony to apologize and, you guessed it, gets a face full of water again!

One of Mel's fantasies had been that when the snow came, he would cheerfully shovel it from his balcony on to the unsuspecting head of the man upstairs. The play ends when snow finally falls and Mel and Edna collect their snow shovel from the closet and wait, smiling in anticipation.

The entire cast and crew are to be applauded for a job well done. They put the entire play on in just five weeks with excellent results.

Definitely another hit for the Highlands Little Theatre. If you did not see the play, you missed a good evening. Don't miss their next presentation in the spring.

SB.

Curtis Eastmure turned in an outstanding performance as the "Prisoner" who has a nervous breakdown. His wife, played by Heather Scully attempts to calm her distraught spouse.

The cast of Prisoner of Second Avenue includes from the left, seated, Brenda Ellis, Bonnie Fitzgerald, Betty Perugino, standing Dale McConnell, Heather Scully and Curtis Eastmure.

School should stress municipal education

Greater emphasis needs to be placed on educating young people about the mechanics of municipal and regional government.

That was the gist of a resolution from the City Stratford endorsed November 16 by Haliburton County Council.

The resolution called on the provincial government, through the Ministry of Education and the Ministry of Municipal Affairs and Housing, to co-ordinate an

education program which would instruct students on the municipal affairs.

Warden Bill Howe described the resolution as "A very important measure. There are many children who are unaware of how a municipal system works," the warden commented.

He suggested the effort must be made at the elementary school level.

Dysart Deputy Reeve Gary McKnight said that his experience with the school

system in Haliburton had shown that the students are being exposed to information about local government. He noted that his own child was involved in a course. "There is something being done," McKnight commented.

As the councillors voted in favour of the resolution, Warden Howe commented, "Teaching youngsters about municipal affairs is just as important as teaching children metric." The resolution was endorsed.

from the chamber

Last week's column dealt with the various promotional activities that the Chamber is involved in to bring visitors into the County. These efforts benefit residents and businesspersons alike, whether they belong to the Chamber or not. That's what we are here for and that is why we get some of our financial assistance from the County Council, but that isn't all we do. If it was, we wouldn't need dues paying members.

Business people join the Chamber of Commerce because we offer a lot of other services besides just promotion. We have direct access to all levels of government and are kept up to date on programs, legislation and current issues. We can, and do, lobby the various governments on behalf of our members in order to make their collective voice heard. When new programs come into effect we see if they could benefit our members and we strive to have them implemented in our area. For example, in the past we have successfully fought for and sponsored the Manpower-Outreach Centre, the Hospitality Training Centre and last summer's Small Business Management Development Program to name a few.

When someone calls our office requesting a specific service, we refer them to one of our members. If a member should request assistance or guidance in some area of their business, we know where to get that help, often at little or no cost. Every business person needs help at some time or other, that's why we sponsor seminars in small business management development.

You can teach an old dog new tricks if the old dog is willing to learn. We learn something new every time we pick up our mail and then pass it on to our members in our bi-monthly newsletter.

We can't do all of these things without the support of our members. If you are interested in, not only building your own business, but also in strengthening the community as a whole, you should be a member of the Chamber of Commerce.

**We need you
now more
than ever.**

Please Give

Outdoors

(from page 2)

reduce the amount of warm blood flowing to their feet. So their feet can withstand near-freezing temperatures without pain. When the temperature becomes really cold, the bird reduces circulation to its feet and legs, permitting just enough warmth to flow into them to keep them from freezing.

Now that's one feature I don't envy. The idea of standing at the bus stop in a blizzard with bare feet makes me cold all over.

Better yet—become an active member.

It is impossible for us to visit every one of our members, Manpower, time and money make that impossible but we are working on ways to keep in better communication. Feel free to write, phone or drop in to the office. We do want to know your thoughts and ideas. We will listen to your complaints and do our best to help. After all, we really aren't the Chamber of Commerce. You are.

Murray Hewitt retires from Kilcoo

Editor's note: The following tribute to Murray Hewitt and his contribution to Kilcoo Camp on Gull Lake was prepared by the owner of the camp, John Latimer:

For many years, Mr. Murray Hewitt has been employed at Kilcoo Camp and is now retiring from active life at the camp.

Murray began working at Kilcoo camp under his brother-in-law Doward Johnston in the early fifties. In 1956 he assumed full responsibility for the maintenance of the entire camp and its equipment, as well as construction of all of our buildings. It would be difficult to establish the number of nails he has pounded into the thousands and thousands of feet of lumber which have gone into the formation of over 60 buildings, including a two story dining hall (45'x90'). Murray has been responsible for every structure at the Camp. Over the years, he has employed many Minden workmen to assist him in the care and building of one of Ontario's biggest private camps for boys.

Now he feels it is time to retire and pursue a less active life (although I doubt that this is possible), and his

son A.J. Hewitt has taken over.

Murray is one of the most interesting men I have ever met. He is loyal, industrious, honest, concerned, and in my estimation one of the real keys to the success of Kilcoo Camp.

The thousands of young men who have gone through the Camp regard Murray with great affection and respect. To those who watched him work, he was always a good influence, and

and an ex-staff member, when asking about the Camp, said "How's Murray?" Another asked the same question when I was in London, England last week.

Passing over the keys to the Camp to another Hewitt generation means a great deal to me and my wife Peggy. We know that our investment in Kilcoo is still in good hands, and I know that although he will not be actively involved, Murray

"He built the place and should be justifiably proud."

they saw the satisfaction of working hard, and doing a job well. Murray never did anything which would not bring him pride. He was never satisfied with something being just 'average', for he felt that if something was worth doing...it was worth doing it well.

Young men from all over the world have seen Murray in action, and it was as a result of this that he has gained such a great reputation. For example, I was in Germany last spring,

and his wife Mabel will still maintain a deep interest in the Camp. After all, in many respects, it's his! He built the place, and should be justifiably proud.

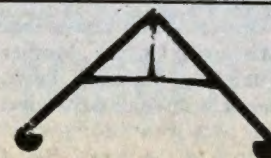

I hope that this letter might provide some material to you for a small article, and if there is anything more that I can provide to assist you, I hope that you will not hesitate to give me a call. My Toronto

The end of an era is marked at Kilcoo Camp with the traditional handing over of the keys. Murray Hewitt, right, maintenance supervisor at the Gull Lake camp since the early 1950s is retiring. His son, A.J. Hewitt, now assumes responsibility for the legacy his father has created over 30 years.

could have been published in early spring or summer to allow more of us to plan to attend - instead of at the last minute.

We had also looked forward to receiving the two county newspapers prior to and following September 16 - 17. Again we were disappointed. Why was coverage so limited? Where did people come from to attend? What are some of these people doing now? Who were the former students (?) or teachers (?) photographed? Why were so many photos, particularly in the "souvenir" section not identified? Getting names and other 'important' information takes extra time - but it also makes a newspaper more interesting and sells more papers! Even a look at the registration book could have given a reporter valuable information.

To both of us the years since HHSS have gone by quickly. We are interested in fellow classmates and instructors. The next five and ten years will also pass in a hurry. Could dates be established now for a reunion then? We know the 400 who attended this year could be increased to two, three, even four times that number.

We are glad a reunion was held and hope that these observations will help organizers in the future.

Editor:

Thanks to our local artists, the Help A Village Effort (H.A.V.E.) Committee's first Haliburton Artists Variety Evening was a tremendous success. Through involving our accomplished, resident artists we know now that we can have an annual concert of the finest quality. Considering the very good attendance we realize too, that county residents want

to see and support our performing artists. The members of the H.A.V.E. Committee are extremely encouraged by the response of all participants in their magnificent support of the committee's efforts.

It is a beautiful experience to have villagers in Haliburton County expressing their concern in a practical way by assisting villagers in a developing, third world country to help themselves. Thus far the amount of money received from the Haliburton Artists Variety Evening is \$650. All of this money has been forwarded to the self-help projects being funded by the H.A.V.E. Committee in the village of Ibrahimipuram, India.

For instance, the chapel construction is costing \$2500. To date \$1900 has already been provided with the balance to follow as soon as available. Also, \$420 has been received (from friends of H.A.V.E. in Brampton) toward the well drilling fund of \$1500.

In speaking about her Mission of Charity, Mother Theresa of Calcutta, India, has said: "We ourselves feel that what we are doing is just a drop in the ocean. But if that drop was not in the ocean, I think the ocean would be less because of that missing drop."

We of the H.A.V.E. Committee believe in the importance of these drops, and that with them a mighty, effective wave can surge around our earth.

Get someone else for that column, please.

Betty Parks,
Minden.

Editor:

The Highlands Little Theatre group has just completed another year of live theatre productions. The writer feels that the community-at-large owes these dedicated and talented people a vote of thanks. However, there are a number of myths surrounding their work and activities that I feel, must be dispelled.

The first myth is, that they are a small closed group not interested in new blood. Nothing could be farther from the truth. Since their inception they have attempted, by advertising, word-of-mouth, personal pleas, public talks and direct approaches to interested parties, to enlarge both the size and scope of their productions. Some years they have had as many as 20 eager thespians at their opening meetings. However, when these newcomers are apprised of the time and dedication required, a surprisingly large number find they are unable to commit themselves to the program.

Over the years we have lost many to new commitments in other areas. Some were unwilling to give their time to the other difficult tasks that must perforce be done before an actual stage appearance is made. A very small number left because they could not agree with the group's choice of plays. We need new recruits desperately and they will be welcomed with open arms.

The second myth concerns our financial situation. We are very slowly building a fund that will enable us to maintain an inventory of costumes, lighting equipment and special effect equipment. We are also woefully short of sets. We have a long way to go before these desiderata are realized. In the meantime, all of the group is responsible for all the building, erection and storage of our few sets. We, individually, provide the scenery, props and miscellaneous equipment for each play. We erect the stage, set out the seats and maintain the reality of our stage settings. Most of our members have, from time to time, been forced to dip into

their own pockets to keep things going. We have many loyal supporters in the business world and we treasure them. But we need the support and co-operation of all the community so that we can get better and become more responsive to its needs.

Your paper, Mr. Editor, and yourself, have always shown a great interest in our work and your enthusiastic reports are appreciated. We can ask little more from you than what you have done so far. However, any way in which you can bring our group and your readers in closer rapport, will be appreciated.

H. Michael Collins,
Gooderham.

Editor:

A very special thanks to the parents of students in the Haliburton County schools for their excellent response to the many questionnaires they have filled out regarding our school system. Your input is being tabulated and evaluated along with the responses from students, teachers, administration

and board members. Although the process is a long one, with the final recommendations not being made until probably June, your excellent response will help provide a firm foundation for decision making.

Thanks again for the time, effort and thought put into your responses.

(from page 3)

responding to the resolution.

Warden Howe said the matter seemed to have reached the point where the council did not want to deal with the resolution. He suggested that county council was not the proper forum for the resolution and with no protest from the council members, the matter was left unanswered.

puck talk

Atom

It was a week of ties for the Minden Atoms. On Friday the team travelled to Haliburton where, in a come from behind effort, they tied their hosts 5-5. It was a good game with Aaron Hie turning in a strong effort between the pipes for the Minden squad.

Goal scorers for Minden included Dave Lee and Robie Ackerblade with a pair each and a single from Darren Sawyer with the assist going to Mike Muli.

It was virtually the same story Saturday afternoon at the Minden arena as the Atom game ended in a 5-5 tie. The team once again salvaged the game, being down 4-0 to Port Carling at one point in the game. The tying goal came with just 47 seconds left to play. Scoring for Minden were Robie Ackerblade with three, David Lee with a single and an assist and Darren Sawyer with a goal. In all, it was a good team effort.

The Atoms are host to eight teams from throughout the area this weekend as they hold their annual Larry Reynolds Memorial tournament. The one day event begins Saturday morning at 8 a.m. when the Minden team meets Haliburton. The action continues all day culminating with the finals late in the afternoon.

Pee Wee

The Minden Pee Wees claimed a 5-2 victory over Port Carling Saturday afternoon at the Minden arena. Scott Russell led the charge for Minden notching three unassisted goals. Singles were scored by Sheldon Stevenson from Scott Russell and Stephen Schrader, and Joey Boyle from Kent Taylor and Tom Northgrave.

Midjet

Tuesday, November 15, MacTier visited Haliburton despite the weather and came out of the game on the short end of an 11 to 2 score.

First period scoring: Tran LaRue from Mike Nac Naull; Len Johnston from Jeff Howe; Glenn Hall unassisted; Len Johnston from Jeff Howe; MacTier scoring 1.

Second period scoring: Len Johnston from Jeff Howe; Chris LaPorte from Jeff Howe; Len Johnston from Chris LaPorte and Jeff Howe; Tran LaRue from Ian Cooper and Mike MacNaull.

Third period scoring: Chris LaPorte unassisted; Cory McKnight unassisted; Len Johnston from Jeff Howe; MacTier scored one.

Sunday, November 20th, we visited MacTier and

skated off on the Smile end of a 9 to 2 score.

First period: MacTier opened the scoring and then Jeff Howe scored from Ian Cooper and Len Johnston.

Second period: Mike Blake from Dennis McKee; Cory McKnight from Mike Blake and Jeff Howe; Chris LaPorte from Cory McKnight and Jeff Howe.

Third period: Mike MacNaull from Tran LaRue and Cory McKnight; Jeff Howe from Mike Blake and Len Johnston; Chris LaPorte from Cory McKnight and Jeff Howe; Dennis McKee from Paul Kuno and Glenn Hall; Jeff Howe from Len Johnston and Cory McKnight. MacTier replied once.

Bantam

A three goal effort was all the Minden Bantams could muster as they lost to Port Carling 9-3 at the Minden arena Saturday afternoon. Scoring for Minden were Gord Wood and Derek Allison and Trini Elias, Derek Allison from Trini Elias and Jason Stamp, and Trini Elias from Derek Allison and Gord Wood.

Juvenile

Scot Hamilton picked up five goals, two unassisted, to lead the Minden Juveniles to a 10-4 romp over Huntsville. The game was played Friday afternoon in Minden.

Huntsville managed one goal in the first period, shortly after Jeff Stamp's opening tally. They scored two in the middle frame and picked up one more with just two second left to play in the game.

Goal getters for Minden included Jeff Stamps with a pair, and an assist, John McKelvey with an unassisted effort, Jim McKelvey and Daryl Ward each with singles. Assists were credited to Eldon Bull with three, Scott Yake with a pair and a single to Bob Edge.

The schedule

Friday, November 25 - 8:00 p.m. Bracebridge Juveniles at Minden.

Saturday, November 26, starting at 8 a.m., the annual Larry Reynolds Memorial Atom Tournament at the Minden arena. First game will see Minden vs. Haliburton. 9:00 a.m. Bracebridge vs. All Saints (Peterborough); 10:00 a.m. Bowmanville vs. Humphrey; 11:00 a.m. Oshawa Bruins vs. Mark Street (Peterborough). Support your home team.

Tuesday, November 29 - 8:30 p.m. Humphrey Midgets at Haliburton.

Raising his arms in a victory salute, a Minden Pee Wee celebrates the scoring of another goal against the Port Carling opponents. Minden went onto win the Saturday afternoon game by a 5-2 margin.

Third period Blitz victory

In a third period blitz the Rockcliffe Foam Blowers pulled ahead of Hall's Insurance to win their Monday night Men's Recreational Hockey League game 10-6.

The two teams were evenly matched throughout the contest, up to the third period, trading goal for goal. Hall's had the lead by virtue of an early third period goal, but they were quickly left in the dust as the Foam Blowers scored five goals in a row to take the game. Hall's managed one

more marker before the period ended.

Joe Giles, Dave Brown and Dave Hartwick led the way for Rockcliffe scoring two each. Singles for the Foam Blowers came from Bernard Greer unassisted, Kim Hamilton, Doug McNabb and Jim Keetch.

Scoring for Hall's was Rick Mansfield and Dean Hewitt each with a pair and singles from Fraser Rogers and Jerry Campbell.

Second game

In the second contest of the night, Hartwick Construction defeated Home Hardware by a 6-4 margin.

Six members of the Hartwick team shared in the scoring with singles going to Al Stender, L. Lougheed, J. Barkwell, J. Outram, Shayne McKelvey and S. Gartshore. Scoring for Home Hardware was Greg Carpenter with a pair and Ted Vasey and John McAdam with singles.

The action continues next Monday evening at the Minden arena. First game is 7 p.m. There is no admission charge.

Home Hardware goalie Kevis Davis attempts to steer aside a shot by a Hartwick Construction team member (lighter jersey) who swoops by the net. The puck can be seen just above the inside glove about to dribble into the net. Hartwick went on to win the Men's Recreational Hockey League Monday night game 6-4.

Township complaints must be written

If you have a complaint for Lutterworth municipal council, it had better be in writing or it is likely your beef will not receive the attention of the councillors.

That is the result of a by-law endorsed at the November 17 meeting.

The by-law states that complaints cannot be delivered verbally, or by telephone, but must be written out before council or an appropriate committee will consider what action, if any, should be taken to correct the matter.

According to the by-law's preamble, the council does not consider it appropriate to receive complaints verbally, whether they are directed to members of council or municipal staff, at the township offices or outside those premises.

The council has also made a commitment, and committed the administration of the municipality, to examine all complaints submitted in writing and provide a written response to them.

Front doors suffer in break-ins

Police in Haliburton County are investigating a number of break-ins and thefts which have taken place during the past week.

A spokesman for the Minden detachment of the Ontario Provincial Police reports that the Irondale Steak House on Highway 503 was broken into November 16. The glass in the front door was broken to gain access to the building.

Taken in the break-in was \$60 worth of beef and almost \$15 in coins.

LCBO theft

Another front door suffered at the hands of a thief as the glass door at the Haliburton LCBO was broken to allow an intruder to gain entrance to the building. Police are uncertain if anything was taken in the incident as an inventory was still underway.

Arena

The Haliburton arena was also the target of thieves although it was uncertain if anything had been removed from the building. Police are continuing their investigation.

Car recovered

A car, stolen from Toronto five days earlier, was recovered in Haliburton County November 17. The vehicle, a 1975 Oldsmobile, was discovered to be a stolen

vehicle after Constable Boyd Jarvis asked for a routine check of the licence plate number.

Charged with possession of stolen property, breach of probation, and driving while his licence was under suspension was 22 year old Darwyn Mintz of Irondale.

ATC missing

A Mississauga youth has been charged with theft following an incident November 17 near Kinmount.

An ATC was removed from a Kinmount area residence and found abandoned on a trail a short distance from the home. Charged in the incident is 16 year old James Ronald Tate.

The investigating officer is Constable Al Bibby.

Shoplifting

A female juvenile has been charged with shoplifting after she was discovered to have left the Haliburton Stedman's store with merchandise she had not paid for. The value of the

goods in question is \$7.28. The youth is scheduled to appear in family court in Lindsay next month to answer the charge.

Hit and run

Three hit and run accidents have been reported in the county during the past week. On November 19 a

yellow Toyota was struck in the parking lot of the Red and White store, Minden. Also on the 19th, a blue 1978 Ford pick-up was damaged in a hit and run collision on Highway 35 near Minden. A third such mishap occurred November 20 in the arena parking lot in Minden. A Ford Mustang was the vehicle struck by the errant driver.

Police are seeking assistance in determining the drivers responsible for these incidents. Anyone witnessing these incidents is asked to contact the local detachment of the OPP.

"The Criminal Code of Canada stipulates that everyone involved in a motor vehicle accident must stop and provide his name and address to the other parties and must offer

assistance if any injury has occurred," an OPP spokesman stated.

Accident

A Dysart Township youth has been charged with careless driving and consuming alcohol while under age following an accident November 20 on County Road 18 in Minden Township.

According to the police, John Teljeur, 17, of Dysart Township was travelling on the county road when he lost control of his vehicle. The van entered the ditch and rolled over sustaining \$4,000 damages. Teljeur was treated for minor injuries at Haliburton Red Cross Hospital.

The accident was investigated by Constable Jim Solway.

Injuries hurt Huskies efforts

Injuries played a key role as the Haliburton Huskies suffered their worst defeat of the season on Thursday.

The Huskies, playing on the road, were defeated 15-2 by Parry Sound.

The team had to play without the services of three key players. Two of the top scorers in the league, Captain Scott Arbuthnot, who was out with a shoulder separation, and Scott Rae who was sick, did not dress for the game. Jim Lee was also unable to play due to injuries.

A number of other players were playing hurt including Boomer Stamp, who scored on an assist from Dave Nicholls and Bernie Upton. Tony Sheffee scored the Huskies' only other goal on an assist from Dave Nicholls.

Friday night's game against Huntsville was cancelled at the last minute. The Huntsville team decided not to take on the Huskies because several of their players had been suspended. It is not certain at this time that the Huskies will gain

two points because of the default.

The Huskies will have a chance to avenge last week's loss when they host Parry Sound at the Dysart Arena on Saturday night at 8 p.m.

The best little warehouse in Haliburton!!

Minden W.I.

Mrs. C. Lacey, first V.P., was in charge of the November 16 meeting of Minden Women's Institute, held at the Cultural Centre. After the usual opening, 15 members told of an industry, which our grandparents didn't have. We also had turned in wrapped gifts for sale. The reports were given and 16 cards had been sent since the last meeting. Collections for this fund and Pennies for Friendship were taken.

We regret Mrs. L. Cox and Mrs. Beaucage were away, but the latter will give a demonstration at another meeting. We may leave our articles for the Community Baskets at the Library or at "The Times" until December 15.

Mrs. A. Kernohan gave an interesting report of Central Ontario Area Convention; our new Board Member is Mrs. Junkin and alternate, Mrs. Reeds and Mrs. Thrasher of Burnt

Crow rate passes

—by Bill Scott, MP—

On November 14th, the now infamous Crow Rate Bill passed Third Reading in the House of Commons. This Bill changes the rate that Western farmers must pay to transport their grain to market. It will have a tremendous impact on the viability of particularly smaller operations. On the positive side, the railways claim that it will create many new jobs in their ranks.

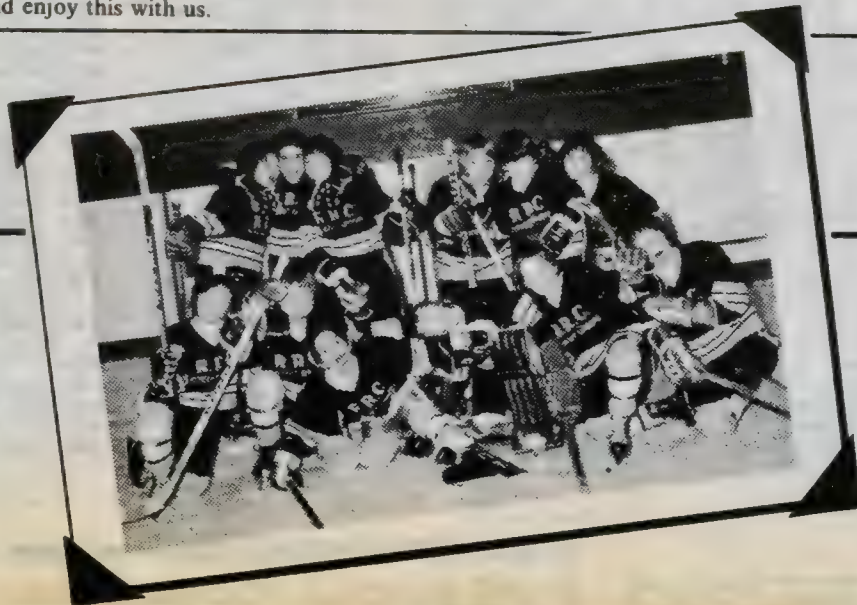

I am glad that we are now able to get on to other things in the House of Commons. We are not yet out of the economic problems of the past few years and it is time we got back to other economic issues. Daily, I am still approached by constituents, generally young constituents, looking for jobs. We may be on the road to recovery, but there has been little effect on the unemployment rate yet. Again, this year, the funding our constituency has

received for Winter Works programs through Employment and Immigration will fall very short of the amount necessary to make a real impact. It is unfortunate that there is not enough to allow them to approve all job creation projects that they have received applications for.

Also on November 14, the House of Commons said their final tribute to the late Hon. Walter Baker. I did not have the opportunity to join in the proceedings at that time. Walter was a friend and advisor of all M.P.'s. His concern over the integrity of Parliament led to the first real reforms of House procedure that have occurred in many years. In all the years since his election in 1972, I have never met a constituent of his who was not proud to call him their M.P. It was a great loss, as his contribution to governing this country was great. We will all miss him.

River is a new Convenor. An item of note is that East Victoria District had full representation for a second year as many of these ladies went on the District Bus.

Our Christmas Gift Exchange is to be valued at two dollars. We are to make plans for a Special Pot Luck Luncheon on our Anniversary Date, June 20, 1984. Mrs. Sears is our delegate to Anniversary Planning Group. Mrs. Sears and Mrs. Hulbig will prepare our History for The Times, as requested. The meeting adjourned and an Auction Sale followed. The Delicious lunch served by the Committee was grand. Next meeting is our Christmas one at the United Church Hall, December 21st at 2 p.m. A warm welcome to all newcomers to come and enjoy this with us.

The Times
Minden, Ontario

* All figures based on a roster of twelve

We're the relevant entertainment and information package. We publish the stories and pictures that mean something to the entire community. In some ways this gives us great joy. It makes us part of your life. We get a kick out of knowing that we are important to you. That you wait on us — that you're willing to buy our product.

Many times we find members of our own families and neighborhoods on the pages of our paper. We are just as excited as you are in seeing our names and pictures in print. We share with you the excitement of a championship Pee-Wee playoff and the hurts a community can feel when it loses a friend... We are joined together through a common bond, the community newspaper. Do people read the paper? You bet they do and advertisers are beginning to recognize the incredible strength of the hometown news.

Thanks for making us what we are...

*A part
of
your life!*

**You can do that on an
"M.E." 6-Panel Rear Screen**

Of course you won't make a habit of it—it's a screen, not a horizontal bar! But just test its rigidity that way and you will be impressed by the impossibility of "creep" or rattle. We claim that it is the finest rear screen made and—we leave you to judge. Ask for Booklet.

THE MUNICIPAL CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a By-Law to stop up, close and sell that part of the road allowance set out and described as follows:

FIRSTLY: In the Township of Stanhope in the County of Haliburton and being composed of part of the original allowance for road along the shore of Little Hawk Lake in front of the original allowance for road between Lots 20 and 21, Concession 10, Township of Stanhope designated as Part 10 on a Plan of Survey deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2889.

SECONDLY: In the Township of Stanhope, in the County of Haliburton and being composed of part of the original allowance for road along the shore of Little Hawk Lake in front of Lot 21 Concession 10, Township of Stanhope, designated as Parts 11 and 12 on a Plan of Survey deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2889.

THIRDLY: In the Township of Stanhope, in the County of Haliburton and being composed of part of the original allowance for road between Lots 20 and 21, Concession 10, Township of Stanhope, designated as Part 9 on a Plan of Survey deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2889.

FOURTHLY: In the Township of Stanhope, in the County of Haliburton and being composed of part of Lot 21 Concession 10, Township of

Stanhope designated as road allowance on Crown Lands. Survey attached to instrument number 1951 and shown as Part 5 on a Plan of Survey deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2889.

FIFTHLY: In the Township of Stanhope, in the County of Haliburton and being composed of part of Lot 21 Concession 10, Township of Stanhope designated as road allowance on Crown Lands. Survey attached to instrument number 1143 and shown as Part 6 on a Plan of Survey deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2889.

SIXTHLY: In the Township of Stanhope, in the County of Haliburton and being composed of part of Lot 21 Concession 10, Township of Stanhope designated as road allowance on Crown Lands Survey attached to instrument number 2761 and shown as Part 7 on a Plan of Survey deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 2889.

The proposed By-Law will come before the said Council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 7th day of December, 1983, at the hour of 11 o'clock a.m., and at that time, the council will hear any person or by his counsel, solicitor or agent any person who claims that his land will be prejudicially affected and who applies to be heard.

DATED: October 19, 1983.

Gerald Bain, Clerk
Corporation of the Township of Stanhope.

This original road allowance is located in front of Lots 20 and 21, Concession 10, Township of Stanhope, along the shore of Little Hawk Lake and upon being closed and stopped up will be sold to owners of land abutting.

This Week on T.V.

The listings are supplied by the T.V. stations. While every effort is made to ensure their accuracy, last minute changes may be made by the stations.

Mabel Deacon left and Gaye Coneybeare, right, were two winners in the recent anniversary draw at Highlands Jewellery and China Shoppe. Store manager, Linda McKnight presented the prizes to the winners. Also winning prizes were Betty Harrison and Elinor Burke.

kid's korner

by Jean Lacey

Hi kids!

Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters.

It's as easy as that. Have fun.

YESTERDAY
IS BUT
A DREAM
AND TOMORROW
IS ONLY
A VISION
BUT TODAY
WELL LIVED
MAKES EVERY
YESTERDAY
A DREAM OF
HAPPINESS
AND EVERY
TOMORROW
A VISION OF
HOPE.

Q: What is small, lives underground and solves crimes?

A: Sherlock Gnomes.

Q: Why did the museum show an old mummy?

A: Because it couldn't afford a new one.

Q: What is a demon's favourite dessert?

A: Devil's food cake.

Q: Why is the invisible man a poor liar?

A: Because anyone can see right through him.

Q: What is count Dracula's favourite candy?

A: An all day sucker.

Q: How can you tell King Kong from a banana?

A: The banana is yellow.

senior league

by Bert Harrison

Dear Readers: I thought I would start this letter to tell you we have our supervisor back and feeling much better. So far we have escaped this weakening 'flu. A good preventative you know is a grog of good old mountain dew.

A nice service in chapel Sunday night. Although the Thompsons were not there, Mrs. Burgess read the lesson, also led in prayer. Rev. John had a record of favourite hymns written by Fanny Crosby and sung by Dorothy Scotland. Rev. Burgess spoke on a verse or two from the scripture just read "Foxes have holes, the birds of the air have nests, but the son of man has nowhere to lay his head."

I told you of a few busy ladies in our last letter. I will tell you of more this week so you will get to know them better. Mrs. Eastman who is blind must find it very hard to knit afghans yard after yard. Lola Prentice always in demand, and always willing to lend a helping hand. Edith Welch, Jessie Walter and Helen Brown, will do anything and never let you down.

Tuesday morning Rev. Westhaver of Minden United Church conducted the service in the chapel. He took his sermon from Psalm 126 "He that goeth forth weeping bringing precious seed with him shall doubtless come again rejoicing bringing his sheaves with him."

Tuesday afternoon Doris showed movies in the auditorium "Gopher broke" which was a joke and caused a smile. "Garden of the Great Spirit" and "Enchant-

ed Isle."

Tuesday night, Thelma Watson from Fenelon and Al Smith from Lutterworth Pines came and played for us music that was really fine. We thank them for coming and we would like to say we are sorry more residents do not come to hear them play.

We children are behaving quite well just now and can you guess why? Because we will soon have a visit from dear old Santa Claus.

Alfred Richardson is in hospital. We thought it for the best. He had a real bad cold settle on his chest. Mrs. Shuyler came back from hospital yesterday, if the doctors found the trouble, they didn't say.

The ladies from Minden L.O.B.A. brought in a delicious lunch this Thursday. They served assorted sandwiches, cheese cookies and cake galore, tea, coffee and soft drinks, what could one ask for more?

Thursday night, members of the Kinsmen Club Don Cubbidge and Andy Poldas came to Hyland Crest, called the bingo numbers and were our special guests. We thank them for coming, Ted Carr said it was a lot of fun, it was the first time in a long time that all the players won.

Friday morning Doris said "If any residents can be ready about 9 o'clock, we will take you to Lindsay to Christmas shop." Quite a

number went along leaving few to join in Sing Song. But we few pulled up our socks, helped our faithful who came again, Grace Coburn and Jean Cox.

On weekends here there are always relatives coming in to visit sisters or mothers, we hesitate to mention some, we may be missing others.

I think we'll close this letter now, we have nothing

more to tell, except we hope our readers will stay well.

If we're thoughtful just this minute,

In what we say or do, If we put a purpose in it that is honest through and through,

We shall gladden life and give it grace to make it all sublime,

For tho' life is long we live it Just one minute at a time.

R.R. 2, Minden
Ontario

around the county town

by Yvonne Guida

On December 4 the Annual Carol Service will be held in the Minden United Church at 7 p.m.

The United Church Congregational Pot Luck Supper will be held on December 11 at 6 p.m. followed by the White Gift Service which will begin at 7 p.m. All are welcome.

I am sorry to report the deaths of Mrs. Joseph Powell, formerly of Ingoldsby and Vera Dickie formerly of Minden. Our condolences to their families and friends.

Winners at last Thursday afternoon's mini-card party at St. Paul's Parish hall were for cribbage Verna McDonald and Diane Stevens and for euchre lone hands (on a cut) Hilda Harrison and others Dorothy Reaman and Martha Mansfield. The prizes from these games are Wintario tickets but no winners other than books of tickets so far.

Monday, November 14, the choir of St. Paul's Anglican Church held a fund raising card party. Approximately forty people attended and a total of \$59 was raised.

Catherine Kellett and Bill won high ladies and mens in bridge. Mary Kellett won the low prize in bridge.

In euchre Lloyd Sedgwick and May Eldridge were the high mens and ladies winners. Emma Hewitt and Henry Trocewicz were the low winners. Four people had three lone hands each for the evening. After cutting the cards, Gladys Anderson was declared the winner with Freda Harrison Ethel Leigh and Dorothy Anderson receiving runner-up prizes.

Afterwards, the choir served a lunch and thanked all those who attended for helping to make the evening a success.

Visitors with the Solway family this weekend were Paula's parents Mr. and Mrs. M. Barnard from Mount Forest.

Congratulations to our workmate Autumn on her streak of good luck in winning \$5000 last week on Wintario. You deserve it Autumn!

Don't forget St. Paul's A.C.W. Country Christmas Bazaar and Luncheon, 10 a.m. to 2 p.m. in the Parish Hall. Admission is \$5 for adults and \$2.50 for children.

Ron Welch and his wife Pat from Frankford visited with his mother, Mrs. Edith Welch at Hyland Crest to celebrate her birthday on Sunday.

This Great Enigma, This Worldly Substance called Man

The angry, scudding clouds rush by
Against a grey metallic sky,
Below, the lakes still filmed with ice
But cracking now, their Winter's vise.
The easing sting of Winter's pain
For soon the world will stir again.
The sun will shine and warm the pines
The verdant buds upon the vines.
In death, I know there is no sting
But just a great awakening.
Although I know He's always there
Amid the shadows, everywhere!
I do not fear his constant threat
His waiting presence I forget.
Instead I look to azure skies
The promise of a Paradise.
Man makes his Hell on earth
Is purified with Spring's rebirth.
The mind of man is desolate since it began
But then he is no more than mortal plan,
Conceiving in his puny eye
His limited thoughts that do belie.
The ice-berg gently rocking slow
It moves away from broken floe
And so in life, we come and go
But with promise of eternity
And wonders that have yet to be.

Yvonne

Seminar concerned with money

by Marie Wallace

Many of you have already booked a luncheon reservation for the workshop PineStone Inn on Friday, November 25 beginning at 10:30 a.m. This event will deal with money matters eg. Government

Pensions, Supplements, OHIP, Wills, Banking and Power of Attorney, etc. Our speakers are: Mr. Bolton, Bank of Nova Scotia in Wilberforce, Mr. Herb Seymour from OHIP, Ruth Foster from our County Information Centre and

Ray Selbie, lawyer in Haliburton. We will have time for questions and answers. Lunch will be at 12 noon and we should conclude by 2 p.m.

For the convenience of our residents in the eastern area of the county we have arranged a bus service with pick-up points at: Cardiff Community Centre 9:15 a.m., Highland Grove Community Centre at 9:30 a.m., Harcourt Community Centre at 9:45 a.m., Wilberforce Legion at 10 a.m., Tory Hill Store at 10:15 a.m.

So that we don't miss anyone planning to come by bus, we ask that you make a reservation to either of the following: Lil Watson 613-339-2842, Fay Shosenburg 448-2407, or Gilbert Rowley

448-2898 or call me at 457-2941. A dinner reservation is necessary, but you pay \$4.00 for your meal at The PineStone Inn. Plan to attend and invite a shut-in to come with you!

Did You Know?

by Ruth Foster

Did you know that if you are between 60 and 65, and married to, or living as husband and wife with a person who is receiving the Old Age Security Pension and the Guaranteed Income Supplement, you may be eligible for a Spouse's Allowance?

Health and Welfare Canada will pay you a benefit that is calculated on your combined incomes. Another qualification is that you must be a resident of Canada.

There are many different benefits that you may be eligible for through Health and Welfare Canada. I will be speaking about Government Pensions, Family benefits and Supplements at the Haliburton County Home Support Services seminar on November 25. The seminar will be held at the PineStone Inn at 10:30 a.m. For further information on this seminar or lunch reservations please call 457-2941.

The County Information Centre is here to answer your questions. So, drop in sometime, we are located at the Drag River Municipal Building in Haliburton. Or call us at 457-2733. We are open Monday through Friday 10 a.m. to 4 p.m.

And remember, you will never know the answer until you ask the question!

CARD OF THANKS

Highlands Little Theatre wishes to thank the following for their generous help in enabling us to make our latest show 'Prisoner of 2nd Ave.' such a success: Mike Easton - Red & White; Ken Fielding - Dixie Lee; Moynes Furniture; The Times; Global T.V.; Arc Industries; Mabel's Cut 'N' Curly; Minden Instant Print; Emmerson Lumber; Bill Barnes; Bill Douglas; Eric Dubois; Glen Scully; Bruce Higgins, Carl Francis and - to our great audiences - See you in the Spring! 11D

We would like to thank everyone for all their help in making our parent's 25th anniversary a happy and special occasion.
Steve, Dave & Leeanna Barker

CARD OF THANKS

I want to sincerely thank all those who helped make our Poppy Campaign so successful. Some of you - well over seventy years of age - spent many hours on your feet out in the cold, snowy weather. Thank you, again, everyone.

Stan Moore,
Poppy Chairman.

CARD OF THANKS

We would like to thank all our friends and relatives for the lovely gifts and cards we received for our 25th Anniversary on November 5th. A special thank you to our children and Sharon and Bob for making this day one to remember.

Many thanks.
Eldon & Kaye Bull

There is no more precious gift than love and friendship. We are rich in both as our family and friends showed us on our 25th Anniversary with a wonderful surprise trip to Britain, cards, flowers, monetary gifts and buffet. To our children, our love and to all who helped make it a wonderful day. Thank you. Dreams can come true. God bless you all.

Don and Ann Barker

William Begg and Family would like to take this opportunity of expressing their appreciation to all of those who showed so much kindness and consideration during the long illness and loss of wife and mother, Evelyn. Particular thanks to Father Tom Palakal, Dr. Lodenquai, hospital staff and members of Our Lady of Fatima Church who kindly helped with prayers and comforting visits. Such kindnesses can never be forgotten.

We extend our sincerest thanks to all of those who contributed their time, effort resources and patronage to our Christmas luncheon, bake sale and bazaar on Friday, November 18, 1983.
Minden United Church Women

I would like to take this opportunity to say thank-you to my customers and many friends we have made in the last five years especially the Skeads, for their friendship and support. A special thanks go to my staff of Patricia Howe, Jennie Woods, Werna Blakey and Ted Pipe for the super job you did for me. Thanks gang.

Don Blakey,
Carnarvon Country Market

The Minden Kinsmen thank all those who supported this year's Hunter's Ball. Special appreciation to Tommy Williamson, Dollo's I.G.A. and Haliburton Red & White.

To our neighbours and friends, Members of Club 35, Minden Curling Club, Stanhope Recreation Association, for the cards and phone calls of encouragement during my illness has been appreciated more than you will ever know.

The kindness you have shown, will never be forgotten.
Iris & Art Hunt,
Halls Lake
